1. Part of the German State Bawling School of TRAISKIRCHEN (C 49, L 87) was occupied. Soldiers wearing red belted black epaulettes were observed being drilled near the quarters.
2. The truck, in 9-89-87, presumably loaded with laundry, was identified. Local residents stated that about 400 troops, allegedly recruits, arrived by truck on 14 July 1949.

Comment: According to unknown reports, component units of the 46th Gde Mook Regt/15th Gde Mook Div are presumably stationed in TRAISKIRCHEN near VIENNA. The above report indicates that the regiment was still at the DUELLERS-HAIN troop training grounds at the end of July 1949. Only a few recruit units were being trained in the past at that time.
